

Night Sky Seminar

Thursday September 21, 2017

8:30 am - 4:30 pm / 4:30 - 5:30 pm networking - social hour

Clyde Iron Works, 2920 W Michigan St, Duluth, MN 55806

Lighting is changing at a rapid pace. Year by year, we have continually chosen ever-brighter night lighting. What are the effects and consequences?

Join us for a fascinating discussion with nationally-acclaimed experts in lighting engineering, human health, and habitat, discovering the intersections between technology, culture and the environment.
