CAROL STROHECKER

Please join the Department of Landscape Architecture to welcome Carol Strohecker, Ph.D., the new Dean of the University of Minnesota's College of Design.

Dean Strohecker was the inaugural Director of the Center for Design Innovation at the University of North Carolina system, from 2006-2013 and, more recently, the Vice Provost for Academic Affairs at the Rhode Island School of Design, from 2013-2016.

We look forward to introducing Dean Strohecker to the landscape architecture design community.

The Department of Landscape Architecture would like to thank the Ryan Companies for graciously hosting this gathering at their new offices in the Millwright Building and for their support in welcoming and introducing Dean Strohecker to our alumni and professional community. Thanks also to Damon Farber, Joan MacLeod, Diane Norman, Richard Murphy and David Motzenbecker for organizing this event.
